ERASMUS+ KA1 · TEACHER TRAINING COURSE

Effective Communication & Mental Wellbeing in Education

6 Days • Athens, Greece • OID: E10020547

About the course

Clear, respectful communication is at the heart of healthy school relationships and of everyone's wellbeing. This course helps educators build connections in the classroom, listen actively, ask powerful questions and give constructive feedback, while exploring the patterns that make communication work or break down.

Through experiential exercises, participants work with transactional patterns and the concept of "OKness", use art, symbols and archetypes to motivate students, and reflect on their own wellbeing and work-life balance.
