ERASMUS+ KA1 · TEACHER TRAINING COURSE

Digital Tools & People Skills for Adult Educators

7 Days • Heraklion, Crete • OID: E10020547

About the course

Adult learning depends on both strong relationships and engaging, well-designed activities. This course combines people skills with practical digital tools: participants explore how to build inclusive, connected learning communities, practise active listening, powerful questioning and constructive feedback, and adopt a coaching mindset with their learners.

In the digital part of the week, participants design game-based activities with digital tools and AI, use AI to make lessons and assignments more engaging while discussing its risks, and create AI-enhanced digital stories for their own learners.
