

Erasmus+ KA1 Course

Sustainability and Climate Change Education

ErasmusLearn Training Center

www.erasmuslearn.eu

Malaga, Spain

Organisation ID: E10098723

Summary

A practical course to integrate sustainability, climate action, and environmental literacy into school curricula. It provides educators with concrete strategies and ready-to-use tools to embed sustainable thinking into everyday teaching practices.

Purpose

To empower teachers to lead climate-focused initiatives and embed sustainability across subjects. The course aims to strengthen their leadership capacity and foster a whole-school approach aligned with European sustainability priorities.

Objectives

- Understand foundational concepts of sustainability.
- Develop interdisciplinary climate education activities.
- Apply circular economy principles.
- Design school-wide environmental campaigns.

Course Language

- English
- Note: Participants must have at least a CEFR level B2 knowledge of English in order to be able to participate actively.

Target Groups

Teachers working in kindergartens, primary, and secondary schools. Independent educators. Managing staff and directors of all-level schools and educational organizations.

Methods & Tools

Lectures, exercises, discussions, teamwork, role-playing, and study visits.

Course Agenda

Day 1

Sustainability fundamentals and local environmental challenges.

Day 2

Interdisciplinary climate education.

Day 3

Circular economy and green entrepreneurship.

Day 4

Student activism and sustainable communities.

Day 5

Final project and implementation plan.

*Inspire, Learn, Communicate, in the best
hospitality environment.*
