ERASMUS+ KA1 · TEACHER TRAINING COURSE

AI for Teachers: From Basics to Classroom Practice

6 Days • Athens, Greece • OID: E10020547

About the course

Artificial intelligence is changing how teachers plan, teach and assess, and getting started is easier than it looks. This course introduces AI in education from the very beginning: key terms and examples, how teachers and students use AI today and how to work confidently with AI assistants such as ChatGPT, Gemini and Copilot.

Through hands-on workshops, participants use AI to create lesson plans, more engaging lessons, better assignments, quizzes and feedback, while learning to check AI answers and use AI responsibly.
