ERASMUS+ KA1 · TEACHER TRAINING COURSE

ICT and Digital Tools in Education

5 Days • Athens, Greece • OID: E10020547

About the course

Digital tools can make teaching more flexible, creative and engaging, both in the classroom and at a distance. This course introduces a digital pedagogy for creation, literacy and numeracy, the principles of Web 2.0 and distance education, and approaches such as cooperative, blended and flipped learning.

Participants work hands-on with class management and content tools, set up and stream an online class with OBS, and use gamification to design game-based activities for their own learners.
