ERASMUS+ KA1 · TEACHER TRAINING COURSE

ICT & AI for Innovative Classroom Technologies

5 Days • Paris, France • OID: E10256834

About the course

This course combines Information and Communication Technologies (ICT) and Artificial Intelligence (AI) to create modern, interactive and effective learning environments. Participants explore digital and AI-enhanced tools for presentations, lesson preparation, classroom management, personalised learning and remote teaching.

The course builds digital confidence, promotes a critical and ethical approach to AI in education and supports participants in developing a sustainable digital strategy for their school.

Course at a glance

Duration: 5 training days

Location: ErasmusLearn Training Center, Paris (Chantilly)

Language: English (B1 or higher recommended)

Who it's for: Primary, secondary, vocational, adult and special needs teachers, teacher trainers, school leaders

Level: Introductory, open to all

Funding: Eligible for Erasmus+ KA1 (course fees)

OID: E10256834

What you will learn

- Select ICT and AI tools that suit your teaching goals
- Use AI-enhanced tools to personalise learning and save time
- Understand the strengths and weaknesses of AI in education
- Manage your classroom more effectively with digital tools
- Design e-learning, remote and flipped classroom activities
- Plan a sustainable ICT and AI policy for your school
- Share best practices with educators across Europe

How you will learn

Presentations, demonstrations, hands-on practical work and project work on participants' own examples, including a discussion with IT teachers and tailored practice. Tools: Prezi, Mentimeter, AI tools, virtual whiteboards, Padlet, e-portfolios, WebQuests, PeerTube and FrameVR.

Course language

English. B1 level or higher is recommended. Practical, hands-on activities make it easy for everyone to take part with confidence.

What's included

- Europass Mobility.
- Certificate of Attendance, for participants who attend at least 80% of the course.

Course Agenda

DAY 1 · Welcome & Orientation

- Welcome, practical arrangements and course timetable
- Presentation of participating organisations
- Icebreakers and introduction to the course

DAY 2 · Digital Competence

- Why integrate technology in the classroom and at school
- Teachers' concerns and needs when using ICT tools
- Examples of effective ICT use in the classroom
- Project work: ICT tools on participants' own examples

DAY 3 · AI for Presentations and Lessons

- AI-enhanced, interactive presentations with feedback
- Practical work: Prezi and Mentimeter presentations
- AI basics: strengths, weaknesses and uses in education
- Virtual whiteboards and preparing a lesson with AI

DAY 4 · ICT for Classroom Management

- ICT tools for effective, engaging classroom management
- Moving to non-traditional teaching and interaction
- Sharing resources: e-portfolios, social media, Padlet
- WebQuests, PeerTube and other web solutions

DAY 5 · E-learning and Flipped Classroom

- E-learning, remote learning and the flipped classroom
- Practical work: an e-learning classroom with FrameVR
- Creating and administering a quiz and an assignment
- Tailored practice based on participants' needs
- Erasmus+: objectives, priorities, actions, budget and tips for applicants
- Planning follow-up and dissemination of learning outcomes
- Course evaluation and certificates
